

PRODUCT DATASHEET

METAL SLIM PSU, 12V DC, 120W, IP20, 175-264V AC

SKU: PSM-12V-120

SPECIFICATION:

Power	120W
Input Voltage	175-264V AC
Output Voltage	12V DC
IP Rating	IP20
Brand	Uranus
Warranty	No Warranty

Categories: [Power Transformers](#)

These Heavy Duty Indoor Non-Waterproof Power Supply Converters are used to power constant voltage indoor LED Strip lights and Modules in indoor signs.

- LED Power Supply converts AC voltage to 12V DC. Input AC175-264V.
- Automatic Protection for Short Circuit, Over load and Over Voltage.
- Metal Housing with holes for Heat Dissipation.
- Non-Waterproof IP20 Perfect for indoor use only.

PRODUCT DATASHEET

Application - Recommended for indoor areas with 12V DC LED strip lighting, CCTV Cameras, and Modules in both Commercial and Residential spaces - Under cabinet lighting, Walk-in Wardrobes, etc where a slim power supply may be required.
