**Categories:** [Led Large Panel & Accessories](#)

These large led panels are ultra slim, and designed to fit flush into Acoustic ceilings or Gypsum (additional fittings, sold separately). They offer a sleek, professional, high quality, energy-efficient lighting solution in a variety of applications. Providing flicker-free and glare-free lighting, they help minimize the risk of eye strain. Additionally, the uniformity in light distribution and Correlated Colour Temperature (CCT) deliver further benefits to the workplace to aid increased productivity.
